About Us

Incepted in the year **1970**, **B. K. Allied Industries** engaged in the manufacturing, exporting and supplying of a diverse array of Feed Plants and Poultry Equipments such as Pellet Mill, Pellet Cooler, Poultry Equipment, Feed Plant, etc. Our precision engineered, high performing machines are reckoned for their superior quality and durability. We believe in offering quality standards, for that we have created ourselves a customer based organisation to provide the range of products in a superior way.

After the establishment, the company has been successfully exporting and supplying its machines to scores of industries across several overseas markets with wide array of applications. The high performance machines that we offer are built to perfection so as to deliver optimum output for a number of years. That is why standing high in terms of durability, performance, and compatibility, our machines are especially designed to give many trouble free years. The machines manufactured by the company are produced under strict quality control measures to ensure quality stamp in every product that leaves its production facility. The company employs a dedicated workforce to deliver these quality machines, which is working round the clock to meet the rising demand. We have a team of highly experienced professionals to produce the productivity.

Under the able guidance of our mentor, **Shri. Pyare Lal Devgan**, we have been able to carve a niche for ourselves in the industry. Owing to his vast industry experience and sharp business acumen, he has been a source of constant support and guidance for everyone in the team. Owing to our robust infrastructure and a dedicated workforce, we have been able to offer world-class machines to our clients from various sectors across the world. All our machines are fabricated using superior quality raw material and are precisely engineered, offering excellent performance, reliability and compatibility.
